EDUCATION

Bachelor of Engineering (B.E.) in Mechanical Engineering

Knowledge Institute of Technology Salem, Tamil Nadu, India

Graduation: 2027

CGPA: 7.34 / 10

Class XII

Government Boys Higher Secondary School Salem, Tamil Nadu, India

Year of Completion 2023

Percentage: 53.83%

Class X

Government Higher Secondary School Salem, Tamil Nadu, India

Year of Completion 2021

Result: All Passed

ACHIEVEMENT

- Designed and built a balloon-powered toy using fundamental engineering principles. Enhanced practical skills in problem-solving, measurement, and effective teamwork.

EXPERIENCE

Transformed curiosity into innovation through hands-on reverse engineering of bicycle components. Applied Solid Works design, FEA validation, and core engineering skills to enhance performance and durability.

PROJECT

1. Reverse Engineering – June 2024

- Analyzed and improved bicycle design through reverse engineering, CAD drafting, and performance benchmarking for enhanced durability and efficiency.

2. Engineering Design Project (Air-Powered Toy Car) – July 2025

- Designed and fabricated an air-pressure-powered toy car applying principles of force, motion, and friction. Optimized nozzle diameter to improve velocity and travel distance.

3. Passive Cooling System For Home - Jan 2026

- Developed a passive cooling system using heat transfer principles and natural ventilation to improve indoor comfort without electricity. Optimized airflow and sustainable design while analyzing temperature reduction and cost efficiency for real-world applications.

TECHNICAL SKILLS

- **Programming:** Python (Basic)
- **Language:** Tamil, English
- **Software:** Siemens NX, AutoCAD, SolidWorks

AREA OF INTREST

- Mechanical Design and Product Development
